Rockwood Blend
1288 SE 182nd
Portland, OR 97233
503.808.1244
www.rockwoodblend.org

This café originally opened to
build a stronger community.

With support from the
community, the Rockwood
Blend plans to expand those
efforts as a non-profit café.

We ask for your support to
continue and expand on the
efforts that have been started.

Volunteers & Donors needed.

**Rockwood Blend hopes to
open its doors in January
2010**

Support Rockwood Blend

Strengthening a Community

It creates a gathering space in Rockwood to effect long-term change. A non-profit café in Rockwood becomes a community hub to expand positive efforts within the community. I think we can all agree that a catalyst for change in this community can benefit the area greatly!

The Rockwood Blend will focus its efforts on activities to bring the community members together, to develop partnerships and brings support systems together to build a stronger community.

A space in Rockwood where you can interact with neighbors through recreation, or learn about your community...

The space at 182nd and Main is the intersection of many local opportunities and interests. By building a sense of belonging and activity here, Rockwood Blend can affect its direct community – but with efforts that can improve the surrounding neighborhoods as well.

A Destination in Rockwood: This café offers a place for community activity like none other in the Gresham area. There are very few welcoming gathering spaces within outer Southeast. This space will be offered to the community for meetings and casual encounters and event venues.

Recreation/Human Capacity: It's your café to make your own. Events will be held at the Café regularly. Patrons have asked to organize book clubs here, music nights and game nights – to name a few.

Long term Funding Sources: Revenues will be generated by the sale of items at the café, benefit events and by sponsorships. The café plans to apply for grants to support efforts specific to community improvements.

Economic Development:

The first step is to bring people together here ... but what comes next?

Rockwood Blend plans to advocate for our neighboring businesses, park efforts, non-profits, entrepreneurs and...

- Invites local artists to display their works or perform here...
- Invites businesses to sponsor the café & promote their business while offering specials to patrons.
- Offers a clearinghouse for information on local activities & businesses.

A coffee shop alone is an important step in improving a neighborhood. **RB** plans to do much more to affect the area!

Non-Profit Cafes...are becoming more common and are a great way to build community.

This café will count on donations and sponsors to reach an opening goal. Please consider a 1-time or monthly donation option!

It's tax-deductible!
